

THE ALBANY LEGISLATURE.

THE INVASION OF NEW JERSEY.

WHAT WILL GOV. HOFFMAN DO WITH THE CHARTER?

A Veto Expected, and the Consequent Defeat of the Measures to Amend Articles of Incorporation Against Judge Barnard, Reform in the Street Cleaning Contract.

ALBANY, May 11.—The New York charter was sent to the Governor yesterday. There is much uncertainty as to what his course will be. Some have said it cannot be expected to pass, others that it will; still others that it will not. The charter has been removed from office of the Mayor, having it is said, been heretofore demanded by him. The matter will likely be settled, however, Monday night or Tuesday morning, the former having promised to decide immediately whether to sign or veto it. Should he use the latter course it will be difficult to know what can be done. Many Republicans have left for home and will not come back again. He created a home, and unchallenged from any quarter, occupies the island in grading and cutting hay. After the declaration of war against Great Britain, Capt. Bloomfield of the United States Army, with a company of colored troops from Philadelphia, forcibly ejected him, and under a grant from the city of New York is not sufficient to bring them back here to work for nothing. The Election and Registry law for the city of New York, which was adopted by the Legislature, and again sent to him, it will now sign it. But should the Charter fail to pass, of course there will be no election.
